Since the beginning, in 1995, our main target was to supply our customers with valid furniture at very convenient prices, supported by a dynamic and updated service.

Our actual level is the result of various factors, among which professionalism and passion for our job are leaders. Focusing on our main objective, we gained the trust of many dealers that chose Mar brand, conscious that our job is always done by keeping their needs in mind.

We look ahead with renewed trust, willing to develop new items that will allow our customers to win the challenges on the market, supported by the reliability that has always distinguished us.

We are grateful to those who have already chosen our products and to those who, hopefully, will do it soon.

Have a good job!

To be continued.....

Sin dall'inizio, nel 1995, il nostro obiettivo principale è stato quello di fornire alla nostra clientela arredi di pregio a condizioni particolarmente vantaggiose, il tutto supportato da un servizio dinamico ed al passo con i tempi. Il livello attualmente raggiunto dalla nostra azienda è il risultato della somma di vari fattori, tra i quali prevalgono la professionalità e la passione per il nostro mestiere. Tenendo ben presente il nostro primo obiettivo, siamo riusciti a conquistare la fiducia di tanti rivenditori che hanno scelto di affidarsi al marchio Mar, consci del fatto che il nostro lavoro viene svolto privilegiando le loro necessità.

Guardiamo al futuro con rinnovata fiducia e con l'impegno a continuare nello sviluppo di nuovi prodotti che permettano ai nostri clienti di vincere le sfide del mercato, nel segno di quella affidabilità che da sempre ci contraddistingue.

Siamo grati a tutti coloro che hanno scelto i nostri prodotti ed a quelli che, ci auguriamo, si appresteranno a farlo.

Buon lavoro a tutti!

Continua.....

Our furniture is made of aluminium, stainless steel, polyethylene, polyamid, polypropylene, resin and wood suitable for outdoor use and guaranteed against manufacturing faults, according to law. Our standard cushions, upholstered with 100% polyester fabric, are water repellent treated to improve durability, however we recommend to store them in a dry and protected place.

I nostri prodotti sono realizzati in alluminio, acciaio inossidabile, polietilene, poliammide, polipropilene rinforzato, resina e legno trattato per l'esterno; sono idonei per l'uso all'aperto e garantiti contro i difetti di produzione, a norma di legge. I cuscini standard, foderati in tessuto 100% poliestere, sono dotati di un leggero trattamento idrorepellente per una maggiore durata; si consiglia comunque di riporli in un luogo asciutto e riparato.

We would like to thank for their hospitality:
